```

GitHub account

The screenshot shows a web browser window with multiple tabs. The active tab is the GitHub profile page for user `brad629`. The browser's address bar shows the URL `https://github.com/brad629`. The GitHub navigation bar at the top includes links for Pull requests, Issues, Marketplace, and Explore. A pink warning banner at the top of the page states: "The password you provided is weak and can be easily guessed. To increase your security, please change your password as soon as possible. Read our documentation on safer password practices."

The profile section on the left features a blue GitHub logo placeholder, the username `brad629`, and a button labeled "Set your status". Below this is an "Edit" button. A "ProTip!" message above the profile says: "Updating your profile with your name, location, and a profile picture helps other GitHub users get to know you." with an "Edit profile" button.

The main content area has tabs for Overview, Repositories (7), Stars (0), Followers (0), and Following (1). The "Overview" tab is selected. Under "Popular repositories", there are four repository cards: `database-management-hw-1` (home work :1), `SQL_PHP_project` (PHP website, PHP), `League-database`, and `Python`. Below these are two more cards: `MIPS-assembler` and `HuntingtonCaravan-androidstudio` (Game design project, Java). A section titled "0 contributions in the last year" shows a calendar grid for the year 2019, with no contributions recorded. A "Contribution settings" dropdown is visible to the right of the calendar. The Windows taskbar at the bottom shows the time as 2:51 PM on 1/27/2019.
